Graphics Tablet: Area Calculation Errors (11/96)

===

Article Created: 21 September 84
Article Reviewed/Updated: 18 November 1996

TOPIC ---

This article explains problems with the Graphics Tablet and area calculation.

TOPIC ---

Area calculation for the graphics tablet are not totally accurate. It was not
designed for critical situations but rather as an example of the way such a tool
could be used. The simplicity of the code and the inaccuracies in BASIC may
account for the error encountered.
